Get your head down in the paddock

This part of Yorkshire is renowned for its bird reserves and rallies. It also has great commuting routes, which is why we've seen an upsurge in people coming to Kellington over the past few years. With that in mind, we've transformed our traditional paddock area into a charming location for up to 15 caravans, and we have additional camping space on request. With a dedicated privy¹ and shower block open 24 hours a day, seven days a week.
